*Dear Friends,*

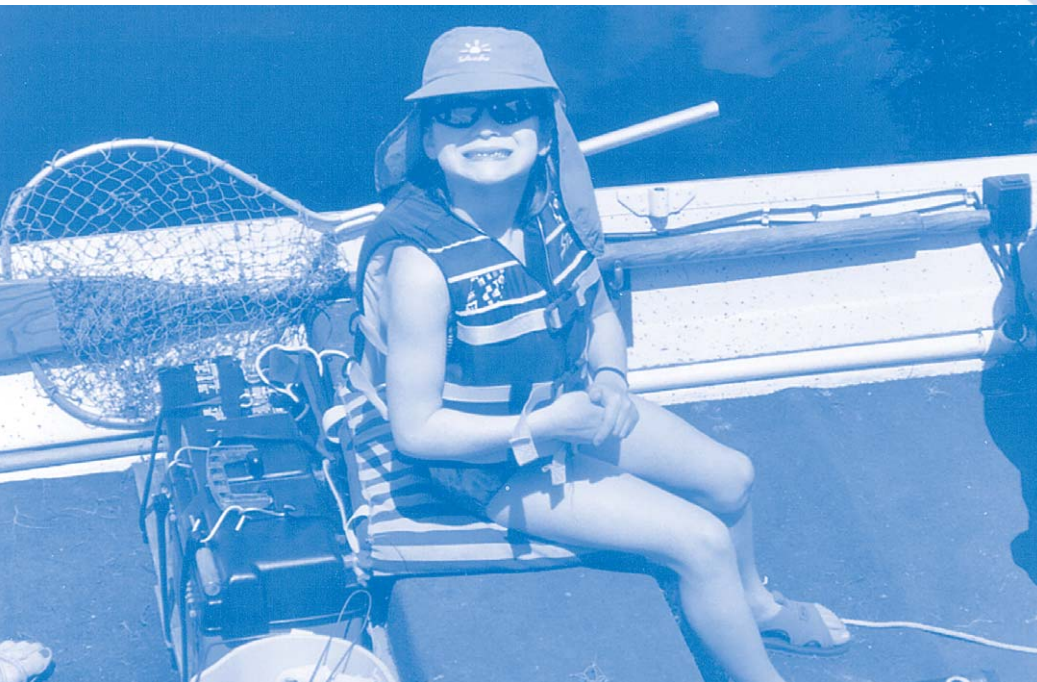

*As the warm summer months approach and many of you take to the local lakes and streams, I wanted to send along some important fishing information for you. We are very fortunate to live in such a beautiful state with bountiful lakes and rivers that produce many species of fish. As a lifelong hunter, fisherman, and outdoorsman, I encourage all of you to practice proper fish management and to help preserve our natural habitats for all future generations.*

*I hope you find this newsletter informative. I am honored to serve the citizens of the 27th district in the Michigan Senate. Please do not hesitate to contact my office if I can be of some assistance.*

*Sincerely,*

John J. Gleason
